

About Me

I am a Multimedia Design & Communication student at KEA Københavns Erhvervsakademi

Through this class I developed different skills within programming and designing.

I enjoy new challenges and I know how to manage time. I love to work creatively with designs and make it possible by coding it.

About Me

- Creative
- Organised
- Team Player
- Independable
- Flexible

Vanløse Denmark
Jun 2020 - Jul 2021

RESTAURANT KÖD

Copenhagen Denmark
Aug 2021 - Now

Waiter

This was my first job ever. I was first in charge of the dishwashers then got upgraded to waiter and gained social skills.

Costumer service employee

I made sure that every shop got the right products at the right time. I learned how to offer good service and improved my computer skills.

Gymnastic coach and assistant coach

I was both assistant and coach of some gymnastic teams for children and teenagers. I learned to have overview in planning and to focus the development of the children.

Substitute Teacher

I was both in charge of different classes but also got assigned one child That had difficulties and needed extra help. This improved my planning And flexibility skills.

Shop assistant

I was in charge of the social media content and learned a lot of how Users interact with content and how the user thinks.

Shop assistant

I currently work part time as a waiter while studying Multimedia Design at KEA.
